The Globe.

HUNTINGDON, PA.

Wednesday morning, Dec. 27, 1865.

LOCAL & PERSONAL.

No Insinuation, but a Big Price.

The large stone building on the corner of Hill and Bath streets and fronting on the Diamond, was exposed to public sale on Tuesday last, and was purchased by Fisher & Sons, for the nice *little* sum of *nine thousand nine hundred and fifty dollars.* The property was purchased some few years since for $1700. The property, it is estimated, was worth between five and six thousand, but the rich firm have "bid" and "gone" to the tune of three or four thousand more. Extensive improvements on the premises will, of course, we are pleased to learn, be the order of the day.

Couldn't Stand It.

We were rejoicing during the robber's revel that we escaped their depredating visits; but we were disappointed upon going to remove our meat stand from the cellar, where it stood all summer, to find it nowhere, in the cellar, or on the premises. It is a large meat-stand, and we would know it the next time we see it. We think it deceives its name, or else it would have *stood* where we placed it. Somebody must have needed it more than we, therefore we wish neither the thief nor the stand any harm. Fortune favored us so far in not having any *hog* in at the time.

A word of Advice.

Hideous noises have become so common during the night, that those of our citizens who keep good hours would scarcely be alarmed if they heard the cry of murder or fire in front of their dwellings. We are afraid many of our young men, and even boys from ten to fifteen years of age, are hurrying on rapidly to the bitter end. The young boys are not so much to blame as their parents. The good citizens of the town should do something to remove the nuisance.

They Feel So Good.

The colored veterans, who left at different times from this place for the army, have nearly all returned. Some of them have seen much of the country, having enjoyed the balmy clime of Texas. All look well, and if external appearance means anything, they have turned the greenbacks of Uncle Sam to good account. The eccentric specimen of the *genus homo de negre*, Hen. Murphy, is also "about," telling his tales of war and "revels."

Coming Close.

The little ones covet the nice playthings and "goodies" exposed in the shop windows, while the big ones await anxiously the receipt of some token of respect from their friends. If we may judge from the number of peculiar barnyard sounds, there will be another general gobbling of poultry during the holidays. We wish one and all a "merry and a happy New Year."

Somebody will get Hurt.

At the recent free fight on Hill st. the fact was discovered that some individuals carried billies. Is there not a law against carrying concealed weapons, and should not the law be enforced here as well as elsewhere? We have not yet reached the barbarous ages, although if free fights, duels for satisfaction, or any other kind of fights, are encouraged, we will not be far off them.

Will give Perfect Satisfaction.

Nellie Williams, of Penfield, N. Y., wishes the public to know the following, which she says is a universal practice in her town and gives perfect satisfaction to all:

By cutting every third tooth out of a common wood saw, the same saw will cut three cords of wood with less labor, than the same saw cut two cords previous to having the teeth taken out. We suppose this is caused by giving room for the saw dust to move through the log.

That Challenge,

We accept, and think we have the advantage, having served our country in the field ten days. No *colored* substitute accepted. "Lackey" will act as our second and make all necessary arrangements. Weapons, Boot legs loaded with *bran.*

Beware of Snakes.

We find in an exchange a protest against a toy called Pharaoh's Serpent It is said to contain two poisonous ingredients—mercury and sulpho-cyanic acid, either of which will kill. Parents will profit by this caution.

Just the Thing.

The great question with many, who have friends at a distance, is, what gift to send? If we may be permitted to suggest, there could be no more acceptable present to an absent friend than a year's subscription to the *Globe.*

In for it.

The Penna. Railroad Co. give notice that they will sell excursion tickets, on the main line and branches, Dec. 23d, 24th, 25th and 26th, good for return until January 3d. Many of our citizens will take advantage of it.

☞The Pennsylvania Railroad Co. advertises for bids for leasing the western division of the main line of the Pennsylvania Canal. Bids will be received until the 1st of January.

Bring in your Work.

Now is the time for merchants and all classes of business men to clean up, square up, rearrange and prepare for a new campaign. Look around, and see if you don't need some letter heads, bill heads, envelopes, circulars, cards, or something else, printed to scatter freely to the four winds, to call attention to the fact of your existence, and that you still wave and flourish. Bring on your work; we are prepared to do any amount of printing, and will cheerfully aid you in any way that we are able in order to assist in your success. Call and see us; we are always "at home," and are prepared to do job work of all kinds in a style equal to that of any other office in the State.

BEST METHOD OF KEEPING BEEF.—Cut up the meat in pieces as large as you desire.—Pack it in barrels or casks. Then make a brine as follows: 1½ lbs. salt to 1 gallon water, 1 oz. saltpetre to 100 lbs. of beef. Put in the salt and saltpetre and heat it boiling hot, skim it, then add the pepper. Pour it out on the beef boiling hot and cover closely. Your meat will be good and fresh any time. The philosophy is this—the hot brine closes the pores on the surface, preventing decay, and the meat from getting too salty. Try it. If necessary scald the brine over in the spring, or put on a new brine. Farmers can in this way have fresh meat nearly all the time. The meat should be taken as soon as it is cold, before it has acquired any old taste by exposure to the atmosphere.

To Soldiers.

All commissioned officers of Huntingdon county, who were honorably discharged, are respectfully requested to meet at the Franklin House, Huntingdon, Pa., on Saturday, the 30th of December, inst., for the purpose of concerting measures for the organization of an association of soldiers of the late war.

W. F. JOHNSTON,
Late Major 192d P. V. Inf'y.
J. M. PORTER,
Late Major 9th P. V. Cav.
G. F. M'CABE,
Late Major 13th P. V. Cav.
Huntingdon, December 18, 1865.

Important to Soldiers.

A meeting of the soldiers who entered the service in 1861–2, will be held at the Court House in Huntingdon, on Saturday afternoon, Dec. 23d, at 1½ o'clock, for the purpose of selecting delegates to represent them in the National Convention, to be held in Philadelphia on the 1st day of January 1866. The object of the Convention is to memoralize Congress to equalize the bounty. A full attendance is greatly desired and expected.

MANY SOLDIERS.

The Young Folks

Are beginning to think of the Holidays, and the old folks are made to think. A variety of handsome and useful articles can be had at Lewis' Book Store, suitable for presents for old and young. A good book should always be the first article selected.

Holiday Presents.

If you want a handsome and useful present call at Lewis' Book Store. Bibles, Hymn Books, Albums, Pocket Books, Books in great variety for all ages, particularly the young; fine Knives, and a great variety of articles too numerous to mention.

Christmas Present.

No more appropriate present for Christmas can pass between friends, and none that would be more highly prized than a Photograph Family Record, which can be had from Capt. A. S. Harrison, of this place, Agent.

Cry for Quarters.

Our faithful carrier boy wishes us to remind our patrons and others that he will be about early on New Year's day with his address. We hope our citizens will reward him liberally.

—Wanted—The proceedings of the stated meetings of the Borough Fathers, henceforward. This is a general want, and we will not charge the B. F's anything for inserting their names or their doings in our columns.

Ahead of Time.

This half sheet was put to press earlier than usual that our hands could keep the Holidays.

—Lewistown is troubled with a gang of rowdies and thieves.

MARRIED,

In Lewistown, on the 12th inst., by the Rev. J. B. Strain, Mr. JOHN S. WHITE of Perry Co., to Miss MARY DAVIS, of Pererserburg, Huntingdon county, Pa.

On November 23d, by the Rev. W. Downs, GEORGE W. SHULTZ, to Miss EMMA L. LONG, both of Alexandria, Pa.

☞We clip the following from one of the Philadelphia daily papers.—Our people visiting or sending down to the city, would do well to make a note of it:

WANAMAKER & BROWN'S FINE CLOTHING.—This establishment, located at the corner of Sixth and Market street, Philada., familiarly known as "Oak Hall," is probably the largest and best conducted Ready Made Clothing and Merchant Tailoring House, in the State. Their superior syles, excellent workmanship and moderation in prices have made their house deservedly popular.

In their Custom Department, where elegant garments are made to order, none but the very best artists are employed, and the fine assortment of materials to select from enables every one to be well suited.

Samples will be sent by mail, and instructions for measuring, when written for. po8–2m

Electricity.

DR. BREWSTER HAS OPENED an office in Huntingdon, Pa., and has cured, and further pledges himself to cure a class of diseases acknowledged to be incurable by any known process of medication, diseases that never have, nor never can be controlled, only by his mode of applying the various modifications of Electricity.

The Doctor does not wish to convey the impression that he cures all diseases in all conditions; he does not wish to shock the sense of the public by asserting that he can cure pulmonary consumption after the lungs are half decayed, but he pledges himself to cure every case of pulmonary consumption in the early and middle stage, and every other disease where a sufficient amount of vitality remains for reaction.

Electricity is always safe in the hands of an experienced operator. The currents are perfectly under control, and can be regulated to suit the delicate nerves of a child without any unpleasant sensation.

☞ All those who have long suffered from painful and obstinate diseases!

☞ All those who have been given up by other Physicians!

☞ All those who have been dismissed as incurable from hospitals!

ARE INVITED TO CALL.

Electricity, unlike Medicine, is capable of producing all the changes necessary to cure any disease, when applied from proper polarities The following are among the diseases our system of practice has proved especially successful in curing.

DR. VENARD'S

STAR MAGIC LINIMENT.

$1000 REWARD will be paid for any medicine that excels this for the following diseases:

Rheumatism, Neuralgia, Spinal Affections, Contracted Joints, Cholic Pains, Pains in Side or Back, Toothache, Headache, Sprains, Sore Throat, Cuts, Bruises, Burns, and all Diseases of the Muscles, Skin and Glands.

This is an Internal and External Medicine, composed of Roots, Herbs and Barks such as our forefathers used.—There is a bountiful supply on the earth to cure all complaints. If we only knew what they were. This has been a subject for constant study with the Medical Faculty for a great many years, to find out the kinds best adapted to the above complaints—how to put them together, and what portions to use.

This wonderful remedy needs no recommendation save the results which invariably follow its application.

☞ This popular remedy is fast coming into use from the fact that it gives good satisfaction.

☞ PHYSICIANS are invited to test its efficacy in all cases of Rheumatism, Affections of the Spinal Column, and all Diseases of the Skin, Muscles and Glands. It has been used in thousands of instances under the personal supervision of the Inventors, and has never disappointed their expectations. All we ask for it is a trial—experimental proof—not the testimony of the men of straw, are the vouchers we desire to present to the public.

It would be well for many now lying in beds of torture, if these facts could reach their sick chambers. It is more important to them than to the inventors that this should be the case. "Truth is mighty and must prevail."

☞ Keep it in your family, for sickness comes when you least expect it.

ANDREW JOHNSON.—The manner in which the faithful (?) Democracy sustain Mr. Johnson is really amusing.—They claim him as *all* their own.—Only a day or two ago, a loud mouthed "Democrat" remarked to us that he thought Andy Johnson was doing the fair thing. That he was carrying out the principles of the Democracy to a T.

Now that the war is over, and we have come out of it successfully (no thanks to the "Democrats") with President Johnson always on the side of loyalty and a permanent union of *all* the States, these cursed treason sneaks are endeavoring, by their support, to kill Mr. Johnson; but up to the present writing he has shown his good sense by keeping aloof from their machinations. Even if he had the will, he has the experience of Genl. McClellan in living letters before him. It took them only about six months to sink McClellan so deep in political infamy, that he will never again rise, even to the surface. Mr. Johnson has no desire to be placed in the same boat with Little Mack. He is, and always will be, a friend of universal freedom—a thing the "Democrats" despise. We are terribly mistaken if he should be so blind, after the confidence reposed in him by the loyal masses, as to be led away from his pure and honest motives. His past life would then be a lie. The game of the "Democracy" will not work. Andrew Johnson is no friend to either an open or a secret enemy of his country.

LIBERTY TO ALL.—Secretary Seward has issued a document stating that the Amendment to the Constitution in relation to the abolishment of Slavery, has been ratified by the necessary number of States. The amendment has become a part of the Constitution of the United States. The American Nation is now truly a *free* one, and the taunts of many upon our inconsistency in this particular will cease upon a knowledge of this fact. The voice of liberty will be heard throughout all the land. The curse of slavery is forever removed, and it, like the rebellion, has passed away; but we yet mourn the effects of the evil. It is a pleasing consciousness that while slavery is dead, the Nation survives the shock of the great revolution it was the means of producing; and now that the evil is past, the nation will live untrammeled by its corrupting and distracting elements. Long live the *free* Republic!

A REPORT FROM GEN. GRANT.—This hero has sent a report to President Johnson which gives some information as to what he observed in his recent tour of inspection through several of the Southern States. We make the following extracts from the same:

The following are the conclusions come to by me: I am satisfied that the mass of the thinking men of the South accept the present situation of affairs in good faith. The questions which have heretofore divided the sentiments of the people of the two sections—slavery and State rights, or the right of a State to secede from the Union—they regard as having been settled forever by the highest tribunal (arms) that man can resort to.

I did not meet any one, either those holding places under the Government, or citizens of the Southern States, who thinks it practicable to withdraw the military from the South at present.—The white and the black mutually require the protection of the General Government.

It is not the thinking portion who would use violence towards any class of troops sent among them by the General Government, but the ignorant in some places might; and the late slave seems to be imbued with the idea that the property of his late master should by right belong to him; at least should have no protection from the colored soldier. There is danger of collision being brought on by such causes.

In some instances, the freedman's mind does not seem to be disabused of the idea that the freedman has the right to live without care or provision for the future. The effect of the belief in the division of lands is idleness and accumulation in camps, towns and cities. In such cases I think it will be found that vice and disease will tend to the extermination or great reduction of the colored race.

☞ Hon. Daniel S. Dickinson in a speech made in Washington a few evenings since said:— "Andrew Johnson is no hot house plant but a mountain oak, which defies the fury of the thunder-gust. Intrepid yet patient, firm but forgiving, with the Union and the Constitution as his pillar and his cloud, he seeks to reconcile and bring together again the estranged children of a common father. Let us all aid him in the good work and secure its accomplishment."

☞ Major Harry Gregg, of this State, has gone on a tour to the various cemeteries where the dead soldiers from Pennsylvania are buried, for the purpose of conveying their remains to places in the North.

☞ Hon. A. A. Barker, the Representative in Congress from this district, has been placed upon the Committee of Claims.

We shall "reply" in our next.

MILLER'S Patent BROOM HEAD

THIS is a very useful invention about to be introduced to our housewives by which they are able to make their own corn brooms. It is a slight metalic frame which opens and closes by a clasp and contains a socket for a wood handle. All that is required is to cut and straighten the corn and insert it in the frame, and a handsome as well as a strong broom is secured. Canvassers will visit our farmers to introduce the article. C. H. STRUBLE is the agent for the counties of Blair and Huntingdon. We have seen a Broom manufactured in this manner and believe it will please the people. dc20-3t*

HARPER'S

NEW MONTHLY MAGAZINE.

Critical notices of the press.

It is the foremost Magazine of the day. The fireside never had a more delightful companion, nor the million a more enterprising friend. Than Harper's Magazine.—Methodist Protestant (Baltimore).

The most popular Monthly in the world.—New York Observer.

We must refer in terms of eulogy to the high tone and varied excellences of Harper's Magazine.—Journal with a monthly circulation of about 170,000 copies—on whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the American People; and the popularity it has acquired is merited. Each number contains fully 144 pages of reading matter, appropriately illustrated with good wood cuts; and it combines in itself the racy monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature.—Trubner's Guide to American Literature. (London.)

The volume s bound constitute of themselves a library of miscellaneous reading such as can not be found in the same compass in any other publication that has come under our notice.—Boston Courier.
